ONE COPY—TWO CENTS

MAYSVILLE HAS AN OPPORTUNITY TO LAND BIG FACTORY

Manufacturers of Artificial Leather Seek Location in South—Ask no Bonus But Would Borrow Enough to Erect Plants.

Maysville has an opportunity to obtain one of the largest manufacturing plants of artificial leather in America and steps are being taken to investigate the company's proposition.

A rough sketch of the concern desiring to locate at Maysville is that it employs approximately five hundred men the year round and will require twenty acres of ground upon which to erect three large daylight factory buildings and one large office building of concrete and steel or brick. The concern, whose identity has not been announced now operates two plants in the North and they are desiring to consolidate their plants into one large plant in the South where they will have good shipping facilities and satisfactory labor conditions. The plant will use about three million yards of cotton cloth annually and as their product is made by a chemical process, will employ much skilled labor at good salaries.

The company asks no bonus but seeks to float a loan of approximately \$750,000 for the purchase of land and the erection of buildings. This loan they propose to care for by means of interest paying bonds extending over a period of ten years.

The possibility of locating this large factory was brought to the attention of Maysville by the industrial department of the C. & O. Railway Company and is being thoroughly investigated by local business men.

Such a factory as is proposed would be a great addition to Maysville and would be just about the sized factory this city now needs very badly.

FULLER DANCE TO DRAW BIG CROWD.

The Earl Fuller dance to be given at Beechwood Park on next Friday evening will draw an unusually large crowd of dancers from a wide territory. This is the most famous dance orchestra that has ever played for a dance in Maysville. Because of the reputation of the orchestra there will be a large crowd of spectators. To protect the entertainment at the Washington Opera House on the same evening, there will be a charge made for listeners at the dance as well as dancers.

WOMEN'S MISSIONARY MEETING TO BE HELD IN MAYSVILLE.

The Women's Missionary Union and the Young Women's Auxiliary of the First Baptist church of this city, will entertain the spring meeting of the Women's Missionary organizations of the Brecken Association at an all-day meeting at the local church on Wednesday of next week.

ATTENDS MEETING OF COUNTY SUPERINTENDENTS.

Prof. George H. Turnipseed, Superintendent of Mason County Schools, is at Richmond, Ky., today to attend a meeting of the county school heads of the entire state.

NEW BALL PARK TO BE OPENED IN A FEW DAYS

Amphitheater To Be Moved and Enlarged Following Thursday's Game—New Park in Good Condition.

Thursday's game with Mt. Sterling will be the last game of baseball this season on the Second street park, officials of the local ball club announced Wednesday morning.

Rapid progress has been made in getting the new park in Forest avenue in shape for use and immediately after the game on Thursday afternoon the amphitheater will be torn down and moved to the new park. When erected at the new park the amphitheater will be enlarged by fifty feet and there will be erected boxes for the use of the public. A press box will also be built and suitable "dog houses" will be erected for the use of the clubs.

Contractors have promises to do some quick work at erecting the stand on the new park and the club officials hope to have the new park in splendid condition for use at the next league game scheduled for this place.

THURSDAY'S GAME MAY BE A SURPRISE TO CARDINALS.

The fast aggregation from Mt. Sterling, headed by Charlie Eilla, will be the attraction at league party Thursday afternoon in their first appearance of the season. For a long time the Essex team was considered the baby club of the loop but they have recovered and are now going like a house afire with three wins out of the last four starts. Their first victory was to conquer the cheery Lexington Studebakers and a victory Thursday would be almost as much pleasure to them. Shaw will take his regular turn in the box to be opposed by Lefty Townsend who needs no introduction to the fans since his appearance here last year with the fast Portsmouth bunch. Play starts at 3 o'clock.

DR. MACARTNEY TO ADDRESS MASON WOMEN'S CLUB.

The last meeting of the Mason County Women's Club for the year 1921-22 will be held Friday afternoon at 2 o'clock in the American Legion rooms on Sutton street. Dr. Thomas B. Macartney, President of Transylvania University, will address the club. All members are urged to be present as this is the last meeting of the year.

SHATTERED DREAMS.

This wealthy, lawless young American beauty in Paris, danced wildly, madly in the Latin quarter, played art in the society world, shot her husband in mad jealousy, fell desperately in love with the man she hated and became happy (and good) at last. Miss Dupont, America's most beautiful blonde and a former Maysville girl, will appear at the Pastime in "Shattered Dreams."

NOTICE ODD FELLOWS.

Regular weekly meeting of Ringgold Lodge, No. 27, I. O. O. F., will be held at Odd Fellows Temple in Market street Wednesday evening at the usual hour and all members are expected to attend.

SCHOOL CHILDREN PICNIC.

The children of Miss Carrie Goodwin's room at the Forest Avenue School enjoyed their annual outing on the hill side near the school Tuesday afternoon. The kiddies had a most delightful time.

FIGURED DOPE ON LEADERS OF BLUEGRASS LEAGUE

Batting, Fielding and Pitching Averages of Maysville Cardinals For the First Eight Games.

The Public Ledger submits the following data for its readers as compiled from the eight games played to date by the Cardinals including Sunday's game at Lexington also giving the record of the opposition in order that there may be a comparison of their work in batting, fielding and pitching.

Despite the fact that the Cards got a bad start with the stick, encountering some of the strongest opposition of the league in pitching duels, they finally loom up as a regular half club and have secured their stride in hitting in the past three games. Their work on grounders has also shown improvement as most of the sixteen errors, which is only an average of two per game, were made in the first four games.

In individual work Class and Connolly continue to show the way as they have done all season both at the bat and in the field. Class being more than a success as a slugger with a total of 32 bases in 14 hits, which means that every time he hits it is good for two and one-half bases, besides showing a nice fielding record with but 2 errors in 37 chances, also leading in individual scoring having crossed the plate a dozen times in the eight games. Connolly, however, follows close behind with a batting average of .393 and a record of .981 as a backstop which

CHIEF OF POLICE THANKS

LEGION POST AND PUBLIC.

I desire to express my appreciation of the most valuable services of the American Legion men during the recent Knights Templar Conclave in handling traffic and I also desire to thank the traveling public in general for their strict obedience to our traffic regulations thereby making it possible to handle such a large crowd without a single accident and with the least possible friction.

JAMES MACKEY, Chief of Police.

WATER PIPE BURSTS IN RUSSELL CELLAR.

The bursting of a water pipe in the cellar of the M. C. Russell Wholesale grocery Wednesday afternoon threatened for a time to flood the cellar which was filled with merchandise. Plumbers cut off the water supply in time to prevent any serious damage to the goods.

MURDER TRIAL THURSDAY.

Lexington, Ky., May 23. — Trial of Henry Banks, negro, of Georgetown, who it is alleged shot and fatally wounded Night Policeman W. O. Barkley about 3 o'clock in the morning of April 11 when caught in a reputed attempt to steal whiskey in Arnold's drug store, will be held in Georgetown Thursday, according to the criminal docket, made public today.

"JIMMY" HANSON HURIED AT WASHINGTON WEDNESDAY.

The body of "Jimmy" Hanson, local man who died Monday evening at the home of friends at Flemingsburg, was brought here Tuesday evening and burial was made in the Washington Catholic cemetery Wednesday afternoon.

LEWIS COUNTY WOMAN IS TAKEN TO ASYLUM.

A female attendant at the state asylum for the insane passed through Maysville Wednesday en route to the institution at Lexington having in charge a Lewis county woman who had been committed to the asylum by the Lewis Circuit Court.

by the way shows that he is a stone-wall. Margerum has a perfect record as a fly chaser and both pitchers have fielded without a bobble.

In the way of speed on the bases Ty Cobb could even be jealous. The bunch have swiped 20 sacks to date, 15 of these are due to three men, Class with 6, Fortner 5, and Connolly 4.

Shaw and Elneman are both reliable pitchers and consistent workers though not as steady as some in the league they are allowing as few hits per game as any mound artist in the business. Both have yielded but an average of 5 hits per game and in three games only two runs were made off Shaw. Some idea of their invincibility is made plain by the batting average of the opposition .149, which sounds more like a trotting record for a mile. But as the season goes on the base on balls column and wild heavens will become less frequent as well as the rest of the players whose records have not shown them to be stars will gradually come to the front with good work until the club will be considered a smooth running, well organized baseball machine.

The following data will possibly interest you:

TWO SUITS FOR BIG DAMAGES ARE FILED AGAINST MAYSVILLE

Suits Involving City's Peddlers' License Ordinance Filed in Federal Court at Covington Against City on Tuesday.

Covington, Ky., May 24. — The question of collecting orders and making future deliveries without obtaining a municipal license is involved in a suit filed yesterday in the United States District Court for the Eastern District of Kentucky at Covington, by Wesley Maler, Cincinnati, in which he is seeking \$10,000 damages from the city of Maysville, Ky.

Maler states in his petition that he was arrested and imprisoned on last April 7th by Chief James Mackey on a warrant issued by Judge Harry C. Curran of the Maysville Police Court, that he remained in jail for three hours and was fined \$15 and costs, a total of \$18.90 by Judge Curran.

Maler claims he was not "peddling without a license" when the arrest was made, but that he was delivering goods to fill orders previously taken. He says the cost of a license was \$25 per day to residents of other cities, while to citizens of Maysville the price was \$10 per day, which he declares is a discrimination.

Samuel Greenfield, doing business as the Star Art Company, Cincinnati, also filed suit against the city of Maysville, asking \$25,018.90 damages because, he says, two of his agents were arrested and his business damaged in the sum of \$25,000.

Greenfield says in his petition that his business is that of enlarging photographs, that orders are solicited for future delivery, hence the law does not require him to obtain licenses for his agents in municipalities.

CAUGHT WITH BOOZE.

Lexington, Ky., May 23. — A new touring car, bearing a Marion county license, 35 and one-half gallons of moonshine whisky in jugs and barrels were seized, and three men, Geo. Gooch, Roy Shelton and Clark Davis, said by officers to live probably at Lebanon, Ky., were arrested and lodged in the Fayette county jail at 6 o'clock this morning by Prohibition Agent R. F. Unthank.

TEMPLAR DANCE TUESDAY.

The last dance of the season by the Templar Club will be given on next Tuesday evening, May 30th, from 8:30 to 12:30 by the Maysville Templar Club at Masonic Temple.

WEBB COMMANDERY EXTENDS THANKS FOR BAND

Letter From Recorder of Webb Commandery Knights Templar Extends Thanks to the Organization.

Lexington, Ky., May 20th, 1922. Mr. J. Barbour Russell, Manager, Maysville Boys' Band, Maysville, Kentucky.

My dear Mr. Russell:—

Webb Commandery feels that through your courtesies in furnishing them the Horseshoe Band for their parade and the Cardinal and Horseshoe Bands as a compliment to them at their reception and dance, that you and they are the direct cause for our splendid success at the Grand Conclave. I will not attempt to tell you how much we were pleased, but in a few simple and sincere words will say that Webb Commandery thanks you, your Director, Mr. Barnard, and the boys and girls of your band from the bottom of their hearts.

I personally thank you for your courteous attention and for the fine pictures sent me. I will be more than glad to place a picture of the band in our Temple and assure you of a worthy praise whenever the occasion may arise.

I enclose you herewith a commandery check for hand services for \$25.00 and admit that by so doing I am ashamed because we are taught that every man is due a reasonable compensation for his hire. We are accepting the terms in the spirit you intended and with this letter comes the best wishes of every Sir Knight and Lady of this commandery, may you and your band have a most successful career.

With kindest personal regards, I am, Courteously yours, WM. BECKER, Recorder.

Miss Jessie O. Yancey, former Superintendent of Mason County Schools, now an official of the Kentucky Tuberculosis Association, was here Tuesday and attended the commencement exercises Tuesday evening at the Washington High School.

CITY SCHOOL CENSUS SHOWS DECREASE IN SCHOOL CHILDREN

School Census Just Completed in City of Maysville Shows a Decrease of 13 in Children of School Age Since 1920.

Maysville has thirteen less children of school age this year than there were in the city in 1920, the date of the last school census, according to reports made by city school authorities Wednesday to the state superintendent of schools.

The official school census, taken by teachers, has just been completed and shows a total of 1249 children of school age as against a total of 1262 in the year 1920. The county school census just completed shows a total of 2,825 school children outside the city of Maysville or a grand total of 4,074 children of school age in the county and city.

A complete report of the city census follows:

GEORGE HARVEY PRAISED

Ambassador Harvey has been so severely criticised, and in some instances so maligned, by some of the Democratic editors and leaders in Congress, that it is only fair to give him the benefit of any good word which may be spoken in his favor.

The Leader upon his appointment, and subsequently when he had been denounced for some of his addresses in London, expressed the conviction that in spite of what might appear to be indiscretions in public speech Mr. Harvey would make an unusually competent ambassador, and would know how to keep the President informed in the fullest measure of what is going on in Europe, and how to make the Old World understand the real state of affairs on this side of the Atlantic.

That this judgment was justified is now evident if the London Times is to be trusted. In reviewing the first year of Mr. Harvey's ambassadorship, The Times says:

"He bent his energies to dispell illusions even at the risk of hurting feelings and stating fundamental facts which could not be ignored and had to be reckoned with in dealing with the American people. Thanks largely to his untiring efforts Anglo-American relations have steadily improved, until at the present moment there is no question in dispute or argument between the two countries. Ambassador Harvey has acted throughout as the interpreter of President Harding, the success of whose policy he has been greatly instrumental in assuring."

Mr. Harvey, after all, seems to have accomplished what must be regarded as the primary duty and chief responsibility of an ambassador. He has removed misunderstandings and resentments, placed the relations of Britain and America upon a foundation of mutual respect and good will, and strengthened the bonds of friendship which had been strained seriously by the developments of the past-war period.

The President seems to have known Mr. Harvey better than some of those who have been such hostile critics of the American ambassador.—Lexington Leader.

MUCH MALARIA CAUSED BY MAN-MADE CONDITIONS

United States Public Health Service Says Much Malaria Is Cause By Man's Actions.

The task of eradicating malaria, says the U. S. Public Health Service, has been made doubly hard by the continual creation of fresh mosquito-breeding spots by impounding water either intentionally or unintentionally—for instance, in the course of highway or railway construction. Owing to this a considerable portion of the malaria in the country may be termed "man-made." Asst. Surgeon General Carter, for instance, found that probably three fourths of the malaria in a district in eastern Virginia came from such artificial pools and swamps.

Man-made malaria is a special importance at present because of the recently enacted Federal highways act, which provides many million dollars for building additional good roads in

the South. The specifications require that the culvert on these roads shall be so placed that they will completely drain all wet areas above the culvert entrance and that all borrow pits or excavations made along the roadways shall be filled or properly drained. Many Southern states have enacted laws of similar purpose.

It is of the utmost importance to the public health that these state laws and Federal regulations shall be faithfully observed while the roads are being built, for at that time adequate drainage can be had with very little if any additional cost; whereas if through carelessness or wilfulness the culverts are placed too high or the borrow pits are not properly drained the expense for later rectification may be very great.

The State highway engineer of Alabama recently strongly appealed to all state and county engineers and road officials to cooperate in carrying out these laws and regulations. Every community in the South should take particular interest in this subject and all good citizens should promptly report the whereabouts of any such disease-breeding spots that are being created in their vicinity and should insist on their eradication. Not to do so will inevitably mean more mosquitoes and more malaria about their homes.

No road, however necessary for travel, can be called good if it interferes with proper drainage.

THREE NEW CIRCULARS OUT FOR JUNIOR FARM WORKERS.

Lexington Ky. — Three new circulars for Kentucky farm boys and girls have just come off the press at the College of Agriculture to be distributed to interested youngsters as aids for the junior agricultural club projects which they are conducting. One outlines the dairy helper calf project and the dairy cow and calf project, another takes up the beef breeding project in detail while a third deals with the butter making project. Work along each of these lines has proved popular with farm boys and girls in the state, club workers at the college

sa. Copies of the circulars may be obtained free by writing the Experiment Station, Lexington.

GOLF.

Last Tuesday the Western Golf Association at the Edgewater Golf Club, held a field test of the new steel shafted golf club. The experiments were made by Bob MacDonald and Allan Gow Chicago professionals and Chick Evans, former amateur and open champion. Each player drove six balls with steel shafted clubs and six with hickory shafted clubs.

The executive committee of the following day announced that its investigations and test showed that the steel shafted golf clubs give no mechanical advantage to players and their use would be omitted in tournaments conducted by this association.

It will be remembered that the United States Golf Association recently barred the steel shaft, but in official circles it is understood that this decision may be reconsidered.

Golf club manufacturers admit that the supply of hickory is very low and growing scarcer each year. They also say that only a very few good hickory shafts can be produced from every batch of hickory cut. This, of course, gives some golfers better clubs than others. It also gives every golfer a different quality club. The new steel shafts, however, provide every golfer with exactly the same quality clubs. This new development gives the 100 and over player just as good clubs as the professional or champion has had.

Golfers say that these new steel shafts made their clubs feel good and hang right. They are lighter than hickory so that the weight of the club is brought lower and the balance is consequently more perfect. This necessity of balance, of course, is what golfers are constantly looking for. It per-

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Maysville Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that backache pains often come from weak kidneys.

"Would save much needless woe. Doan's Kidney Pills are for weak kidneys."

Read what a Maysville citizen says: "Mrs. William Farley, 128 East Second street, says: 'Not long ago I used Doan's Kidney Pills and they did me a world of good. I am pleased to recommend them. My back hurt nearly all the time and I couldn't do my washing on account of the misery in my back. I couldn't sleep at night and mornings I could get up feeling all right. I would be dizzy and could see black specks before my eyes. My kidneys didn't act regularly and in other ways showed signs of disorder. My hands and arms would get numb and cold. I saw Doan's Kidney Pills highly advertised so I went to Wood & Son's Drug Store and got a box. I began using them and was soon rid of the trouble.'"

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Farley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

mits them to feel the head and thus hit the ball more naturally.

The steel shaft will not help you drive further nor straighter as was woven this week in Chicago, but it does give the average golfer a better club—it gives him more confidence in his game. As we heard one man say the other day: "No club is going to help a man keep his eye on the ball any better." And as a leading professional said recently: "No one can make a golf club which will give a man a golf game, but if you can make him a stroke, he can use any old club and get good results."

When a club feels good in your hands; when it hangs right, then's when you play better golf. It therefore seems that it is the beautiful balance of the steel shafts which is making them so popular.

CHICAGO SCHOOL'S BOYS CAMP TO HAVE MANY THIS SEASON

Expenses of Camp Roosevelt Have Been Cut to the Minimum By Those in Charge of the Camp Life.

Twenty-five dollars for three weeks, is what it costs a boy to attend Camp Roosevelt, conducted under the auspices of the Chicago Board of Education, near LaPorte, Indiana, and open to boys during the summer from all parts of the country. Enrollments early in May indicate the national reputation this camp has built up, and applications and inquiries are pouring into the headquarters from every state in the Union. The reason is plain. It is open to any American boy of good character from the age of 1 year up. While scores of private vacation camps exist with the exclusive memberships and tuition running into the hundreds of dollars, Camp Roosevelt continues to operate on the pre-war basis of little over a dollar a day per cadet. The balance necessary for the maintenance of this large institution is supplied by public-spirited Chicago citizens, who yearly contribute the needed funds.

The camp is vided into three sections, to meet the differing needs of the boys. The summer school division includes seventh and eighth grade subjects and all high school subjects. Credits earned in the camp school are honored on the same basis as are those received in other Chicago summer schools, of which the camp school is an auxiliary. The R. O. T. C. or military division affords the boy outdoor life and health activities in abundance, while the Junior Camp places the younger boy among suitable companions of his own age.

Major F. L. Beas, U. S. A., commanding the camp, is in personal touch with all boys under his charge. They respect and admire him as a leader of the highest caliber, a friend and counsellor rather than a stern unapproachable commander. His long experience in boy education has made him an ideal head for such a big, democratic American institution, and he is never too busy to go thoroughly into each individual's case.

VIRGINIA BANKS AID FARMERS TO PURCHASE PURE-BRED Sires.

The banks of Charlottesville, Va., are co-operating with farmers of the surrounding county in obtaining pure-bred sires. According to reports received by the United States Department of Agriculture, 1 farmer will sell his grade or scrub sires and purchase pure-bred animals, the banks supply the necessary funds to cover the purchase of the pure-bred sire over the amount received for the inferior animal. The loan is made on the basis of a year's time.

Reducing Wear and Tear—Improving Appearance

KOVERFLOOR, the new liquid floor covering, contains unusual properties.

Long tests under severest conditions have proven that Koverfloor makes floors of wood or cement—interior or exterior—last longer and look far better. Resisting any traffic wear you can give it. Koverfloor is a real floor investment—a prolonging life of floors so efficiently that its first cost is a minimum investment indeed.

Ask us for the test facts and the Koverfloor sample book.

The Mountain Climber is Coming. Watch for it at the

RYDER PAINT STORE
Paints, Oils, Putty.
Wall Paper
As Cheap As 5 Cents

Sentiment among bankers regarding the use of pure-bred live stock in practical farming operations appears to be growing more favorable, and the attitude of the Charlottesville banks is evidence of this point. Pure-bred sires of good quality, as shown by information obtained by the Bureau of Animal Industry, increase the earning power of herds and flocks in which they are used.

GREAT REFINERY FOR SUGAR WAS OPENED WEDNESDAY

Modern and One of the Largest Sugar Refineries in the World Opened at Baltimore Wednesday With Big Reception.

Baltimore, Md., — The most modern and one of the largest sugar refineries in the world went into official production here Wednesday in the presence of Earl D. Babet, president, the entire directorate and all the other officers of the American Sugar Refining Company.

Special cars from Boston, New York, and Philadelphia brought some of the biggest financiers and commercial figures of the country to the refinery at Locust Point for the official opening and the subsequent reception to representative men of Baltimore, the state of Maryland, and of trades allied to the sugar industry throughout Virginia, West Virginia, North Carolina, South Carolina, Pennsylvania, Ohio, Kentucky and District of Columbia.

A receiving line which included Mr. Babet, Philip Stockton, president of the Old Colony Trust Co., of Boston; Newcomb Carlton, president of the Western Union Telegraph Company; Samuel McRoberts, president of the Metropolitan Trust Company, of New York, and the other directors of the American Sugar Refining Company—Charles Francis Adams and Samuel Carr, of Boston; James H. Douglas, of Chicago; George H. Frazier, of Philadelphia, and George F. Baker, Jr., of New York—greeted the guests numbering more than 1,000, as they completed inspection tours of the new refinery.

A band in a centrally located pavilion and refreshments at the close of the reception proved attractive features of the day. Booklets descriptive of the refinery in the order of the itinerary taken by each group of twenty visitors and postcards showing a bird's-eye view of the refinery, were given as souvenirs.

While the directors and the visitors from afar will return to their homes tonight, President Babet and other officers of the company will remain over for the second day of the celebration, the official reception to the retail grocery trade of Baltimore, which was staged Thursday.

The new refinery was officially opened exactly two years to the day after the breaking of ground. It occupies a splendid quarter mile frontage on Baltimore harbor. Ten large steamers already have brought cargoes of raw sugar to its wharves and its operation is expected to increase materially both imports and exports through the port of Baltimore.

SOUTHERN POTATO GROWERS USING MORE CERTIFIED SEED

In some Southern states where potatoes are an important crop growers are taking an increasing interest in certified seed, but according to state officials and representatives of the United States Department of Agriculture, who are co-operating with them, special legislation is necessary to prevent local seedsmen from selling ordinary seed stock or even table stock as certified seed.

Many growers now recognize the value of superior seed and are willing to pay a premium for it, but they are discouraged by frauds perpetrated upon them by unscrupulous dealers. However, the farmers may protect themselves to a great extent if they will look for the certification tag which should be on every sack of certified seed potatoes. With this tag to start from it is possible to trace any lot of seed back to the grower or dealer who put it up.

Not only the growers, but many of the seed dealers have been impressed with the importance of getting in nothing but the best seed. This year 22 carloads of certified seed potatoes, all of the Triumph variety, were planted in Louisiana alone. Twelve varieties came from Wisconsin and 10 from western Nebraska. It is claimed that by the use of this high-grade seed the yields in that state are being increased 40 bushels or more an acre over that

For Ten Dollars and Ninety Cents—This 30 x 3½ Usco

THE 30 x 3½ tire situation today is just this—The man who buys an USCO at \$10.90 is justified in believing that his money is going farther in tire value than it ever has gone or could go before.

Naturally he appreciates the quality of USCO. That was established long ago.

It is still fresh in his mind that USCO led the national market into the \$10.90 price range.

The makers of U. S. Tires always intended the 30 x 3½ USCO to be the highest value in its field.

At \$10.90 it creates a new classification of money's worth.

NEWPORT COMMISSIONER IS ACQUITTED.

Chris Ebert, former commissioner of public safety of Newport, Ky., was acquitted by a jury in the Campbell County Circuit Court Monday night on a charge of nonfeasance in office. The jury deliberated about half an hour.

The indictment was returned last fall by a grand jury at Alexandria, Ky. It was charged that he failed to suppress gambling while serving as safety commissioner of Newport. A number of members of the Newport police force testified that Ebert when in charge of that department had issued orders for the suppression of gambling.

Elite Confectionery

DON'T DROP LIGHTED CIGARS ON WOODEN-FLOOR BRIDGES.

Don't throw away your cigar or cigarette when crossing a bridge with a wooden floor, advises the Bureau of Public Roads of the United States Department of Agriculture. It may start a fire that will destroy the bridge.

Many such fires have started. Most of them are put out with small damage, but occasionally a large structure is destroyed. It seems strange that a steel bridge should be destroyed by fire, but heat from a burning floor may cause the destruction of the whole bridge by softening; the breaking of one weakened member will cause the whole span to drop into the river. On some large bridges a watchman is kept to guard against this danger, and in a dry season fires have been known to occur almost daily.

A committee composed of a representative of the bureau and representative of the National Board of Fire Underwriters, the lumber and creosote

industry, and the Engineering News-Record, a prominent engineering magazine, is now investigating the subject and considering the best means of protection.

OHIO JUSTICE MUST SERVE SENTENCE.

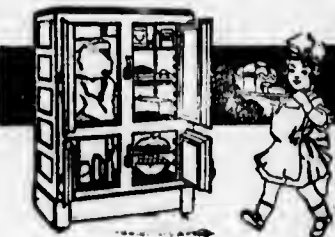

Columbus, Ohio, May 23. — William H. McGannon, former chief justice of the Cleveland Municipal court will have to serve his sentence of one to ten years in the Ohio penitentiary for perjury as a result of the refusal of the Ohio Supreme court to hear his case.

HEAVY PUNISHMENT**FOR BERT COLLYER**

Louisville, May 23. — Bert Collyer, Chicago sport writer, was found guilty on a charge of criminal libel by a jury in criminal court here today and his punishment fixed at a fine of \$15,000 and a sentence of thirty days in jail.

The verdict was in a measure a vindication of R. D. (Dick) Williams, Louisville and Oklahoma turfman, who had been accused of "ringing" horses and cheating at cards in a publication, Collyer's Eye, which the Commonwealth held is the property of the defendant.

Collyer was admitted to bail in the sum of \$15,000 pending appeal, which his counsel announced would be taken. His bond had been \$300 prior to conviction.

Rev. John Barbour left Wednesday afternoon to attend meeting of trustees and commencement of Pikeville College. He will return Friday afternoon.

WOMAN'S ILLS**MAKE UNHAPPY HOMES**

There is no question but what the ills of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches and backache, fretful and nervous.

Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been resorted to health, strength and consequent happiness by Lydia E. Pinkham's Vegetable Compound after doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it.

An airship passing over Maysville en route west Wednesday morning attracted considerable interest.

**BIG CUT ORDERED
IN FREIGHT RATES
BY COMMISSION**

Inter-State Commerce Commission Announces Big Cuts in Freight Rates Effective After the First of July.

Washington, May 24. — A sweeping reduction in freight rates throughout the country was ordered today by the Interstate Commerce Commission.

The reductions are effective July 1. The reductions ordered will cut the present rates about ten per cent, on the decision of the commission states.

The commission also announced railroad rates in the future would be based on a return of 5 1/2 per cent, on the aggregate value of the lines, as compared with 6 per cent, under the Esch-Cummins law. The provision of the Esch-Cummins law expired recently and the commission was given the right to fix a new rate of return.

In making the reductions, the commission cut nearly in half the freight rate increases authorized August 25, 1920.

In the eastern district, the 40 per cent, increase on August 25, 1920, was cut to 26 per cent.

In the western district, the previous 35 per cent, increase was cut to 21 1/2 per cent.

In the southern and mountain Pacific districts the previous rate increase of 25 per cent, was cut from 25 to 12 1/2 per cent.

Interritorial rate increases of August 25, 1920, averaging 23 1/2 per cent, were cut to 20 per cent.

UNCLAIMED MAIL

COLORED WORKERS ORGANIZE

The pastors and workers of the Epworth League and Sunday school of the Maysville group of the Lexington district met in Scott's M. E. church Monday, May 22nd, at the call of the District Superintendent Dr. H. M. Carroll.

The design of the meeting was to work out plans whereby the various pastors could cooperate in putting over plans of the church and to help each pastor better serve his congregation. The plan which follows was agreed upon: As soon as some dates are verified a schedule will be arranged that will take the entire group of pastors to the charge or charges of each pastor for at least seven days, during which time specialists on Intercession and Centenary; Stewardship and Evangelism; Young People; will spend the whole week in an endeavor to educate our members along these respective lines, and aid the pastor in putting over the program of the church. The sentiment of the entire group was that more work and better service is what is wanted; and that cooperation is the most effective method to secure these. Thanks are due to Dr. Hickman, our new pastor at Maysville, for opening the doors of his church to us and to Dr. Carroll for the splendid dinner served to all.

Dr. H. M. Mosby was a welcome visitor from the Covington group. He gave us some encouraging remarks as also did Bro. Lane of Scott church.

**LOCAL MEN ARRESTED ON
DRY CHARGE IN LEWIS.**

Local police were advised by telephone Wednesday by Lewis county authorities that Curtis Johnson and Lee Bowling, both of this city, were under arrest at Vanceburg on charges of having liquor in their possession.

**KENTUCKY CLUB WOMEN
MEET WEDNESDAY.**

Hopkinsville, Ky., May 23. — Representative women from all parts of the state were arriving here today for the twenty-eighth annual convention of the Kentucky Federation of Women's Clubs which begins a four-day session Wednesday. Mrs. H. E. Reynolds, of Paducah, is state president. A preliminary committee meeting was being held today and a large reception is on the program for tonight at Carnegie library.

**MILLERSBURG COMMENCEMENT
AND DANCE WELL ATTENDED.**

A score or more of people from this city attended the annual commencement exercises of Millersburg Military Institute held at Millersburg Tuesday evening and quite a large crowd followed for the commencement dance being attracted by Smith's orchestra of Lexington.

**REVIVAL SERVICES AT WASH-
INGTON COLORED CHURCH.**

Revival services are being conducted at Havens Chapel M. E. church, Washington, Ky., this week. The meeting will continue through Sunday, 25th. The new pastor, Rev. G. W. Sherard is doing the preaching. Dr. Hickman of Scott's M. E. church, Maysville, is expected to preach Thursday night. A great meeting is expected as great stress is being laid on individual work, and each member is being urged to "win one." All who can are urged to come. The short intense service is calculated to prove helpful to saints and sinners.

G. W. SHERARD, P. C.
